Every Member shall have a right and easement of enjoyment in and to the Common Area, including the rights of ingress and egress, and such easement shall be appurtenant to and shall pass with the right to every Lot, subject to each of the following provisions:

(a) The Association shall have the right, in accordance with its Articles and Bylaws and with the assent of Members entitled to cast two-thirds (2/3) of the votes of the Class A membership and two-thirds (2/3) of the votes of the Class B membership, if any, to borrow money for the purpose of improving the Common Area and facilities and in aid thereof to mortgage the Common Area, or any portion thereof, provided the rights of such mortgage in said Property shall be subordinate to the rights of the Owners hereunder.

Section 3. Title to the Common Area. The Declarant hereby covenants for itself, its heirs and assigns, that, prior to the conveyance of the first Lot to a person or entity other than a Builder, it will convey fee simple title to the Common Area as shown on the map referred above, to the Association, free and clear of all encumbrances and liens, except utility and drainage easements and easements to governmental authorities. Similarly, the Declarant will convey to the Association any Common Areas which are part of Brookgreen Forest as those portions are annexed in the future until all Common Area, as shown on plans approved by the Town of Cary, has been conveyed to the Association.

## ARTICLE VI

### COVENANT FOR ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot owned within the Property, hereby covenants, and every other owner of any Lot by

acceptance of a deed therefor, whether or not it shall be so expressed in any such deed or other conveyance, is deemed to covenant and agree to pay to the Association:

(a) Annual assessments or charges which are common expenses; and

(b) Special assessments for capital improvements.

Notwithstanding any provision herein to the contrary, the assessment for each Lot owned by Declarant shall be twenty-five percent (25%) of the assessment which would have otherwise been due.

Such assessments shall be fixed, established, and collected from time to time as hereinafter provided.

The annual and special assessments, together with such interest thereon, costs of collection and reasonable attorney fees shall be a charge on the land and shall be a continuing lien upon the Lot and improvements against which each such assessment is made. Each such assessment, together with such interest and costs and reasonable attorney's fees, shall also be the personal obligation of the person who was the owner of the Lot at the time the assessment fell due. The personal obligation of an owner for delinquent assessments shall not pass to his successors in title unless expressly assumed by them. All assessments shall be shared equally by the owners of each Lot, except as otherwise provided in this section.

Section 2. Purpose of Assessments. The annual assessment shall be used exclusively for promoting the recreation, health,

safety, and welfare of the residents of the Properties; enforcing these covenants and the rules of the Association; and maintenance of common areas, buffer areas and landscape easement areas located on Lots as provided in Article VII of this Declaration; and paying all Common Expenses.

If the Association is obligated to maintain any improvements to the Common Area, the Association shall establish and maintain an adequate reserve fund for the periodic maintenance, repair and replacement of said improvements. The fund shall be maintained out of the annual assessment.

Section 3. Amount of Annual Assessment.

(a) Initial Annual Assessment. To and including December 31, 1993 the initial annual assessment shall not be in excess of \$144.00 per Lot, the exact amount of which shall be determined from time to time as provided in Subsection (d) of this Section 3.

(b) Increase by Association. From and after December 31, 1993, the annual assessment effective for any year may be increased from and after January 1 of the succeeding year by the Board of Directors, without a vote of the membership, to an amount which may not exceed the previous year's assessment (or the previous year's revised assessment determined pursuant to subparagraph (c) below) plus ten percent (10%).

(c) Increase by Members. From and after December 31, 1993, the annual assessment may be increased by a percentage greater than permitted by this Article by an affirmative vote of two-thirds (2/3) of each class of members who are voting in person or by

proxy, at a meeting duly called for such purpose, written notice of which, setting forth the purpose of the meeting, shall be sent to all members not less than fifteen (15) days nor more than thirty (30) days in advance of the meeting. The limitations herein set forth in subparagraphs (b) and (c) shall not apply to an increase in assessments undertaken as an incident to a merger or consolidation in which the Association is authorized to participate under its Articles of Incorporation or to an increase in assessments necessary to cover the cost of hazard and/or liability insurance in the event the Association is required to obtain such insurance on the areas it maintains.

(d) Criteria for Establishing Annual Assessment. The Association is required to set the annual assessment high enough to enable the Association to establish and maintain an adequate reserve fund for the periodic maintenance, repair and replacement of improvements to the areas the Association is obligated to maintain. The reserve fund shall be maintained out of the annual assessments for Common Expenses as provided for in this article. In establishing the annual assessment for any assessment year, the Board of Directors shall set the annual assessment high enough to cover all current costs and expenses of the Association, any accrued debts, and reserves for future needs.

(e) Decrease of Annual Assessment. The Board of Directors may decrease the annual assessment from time to time if, in its opinion, such decrease is prudent.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association, my levy, in any assessment year, a special assessment applicable to that year only for the purposes of defraying, in whole or in part, the costs of construction of reconstruction, unexpected repair, or replacement of a described capital improvement upon the property maintained by the Association, including the necessary fixtures and personal property related thereto, and to provide for facilities and equipment necessary to offer the services authorized herein. Any such special assessment proposed by the Association shall have the assent of two-thirds (2/3) of the votes of each class of Members who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which, setting forth the purpose of the meeting, shall be sent to all Members not less than fifteen (15) days nor more than thirty (30) days in advance of the meeting. The amount of the proposed assessment need not be stated.

Section 5. Uniform Rate of Assessment. Both the annual assessment and special assessments must be fixed at a uniform rate for all Lots, on a per Lot basis, and may be collected on a monthly or quarterly basis as determined by the Board of Directors.

Section 6. Quorum for Any Action Authorized Under Sections 3 and 4. At the first meeting called, as provided in Section 3 and 4 of this Article, the presence at the meeting of members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the

required quorum is not forthcoming at any meeting, subsequent meetings may be called, subject to the notice requirement set forth in Sections 3 and 4 and the required quorum at any such subsequent meeting shall be one-half (1/2) of the required quorum at the next preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the next preceding meeting.

Section 7. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided herein for Lots shall be paid in monthly or quarterly installments as determined by the Board and the payment of such shall commence as to any Lot subject to this Declaration upon the sale of the first Lot shown on the first recorded subdivision map of the Properties or a portion thereof. Assessments shall commence as to any Lot made subject to this Declaration pursuant to Article II herein upon recording the Declaration of Annexation which subjects such Lot to this Declaration. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year or the Association's fiscal year as the Board deems appropriate. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every owner subject thereto. The due dates shall be established by the Board of Directors. The Association, upon demand at any time, shall furnish a certificate in writing signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed

certificate of the Association as to the status of assessments on a Lot is binding upon the Association as of the date of its issuance.

Section 8. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment or portion thereof which are not paid when due shall be delinquent. If the assessment or portion thereof is not paid within thirty (30) days after the due date, the same shall bear interest from the date of delinquency at the rate of nine percent (9%). The Association may bring an action against the owner personally obligated to pay the same, and interest, costs, late payment charges and reasonable attorney's fees of any such action shall be added to the amount of such assessment. If any law permits the filing of a lien and the foreclosure of such lien, or other similar action, as a method of enforcement of the Association's right to collect assessments, the Association may use such remedy. No owner may waive or otherwise escape liability for the assessment provided for herein by abandonment of his Lot.

Section 9. Subordination of Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. A sale or any transfer of any Lot shall not affect the assessment liens; provided, however, that the sale or transfer of any Lot pursuant to foreclosure of a first mortgage or any proceeding in lieu of foreclosure thereof, shall extinguish the lien of such assessments as to payment which became due prior to such sale or transfer. Any delinquent assessments which were extinguished pursuant to a foreclosure of a first

mortgage or any proceeding in lieu of foreclosures may be reallocated and assessed equally to all of the Lots as a Common Expense. No sale or transfer shall relieve such Lot from the liability for any assessment thereafter becoming due or from the lien thereof.

Section 10. Two Months Assessments to be Collected at Closing. At the closing of each sale of a Lot, a sum shall be collected from the purchaser equal to the total assessment for such Lot for the succeeding two months and such sum shall be contributed to the reserve accounts of the Association to be used by the Association to meet unforeseen expenditures. This contribution shall not be considered an advance against assessments to become due or a refundable deposit.

## ARTICLE VII

### MAINTENANCE OF PROPERTIES

Section 1. Maintenance of Lots.

If in the opinion of the Board, an Owner fails to maintain his Lot, including Buffer Areas located on a Lot as shown on recorded maps, in a neat and orderly condition or otherwise neglects his Lot and allows unsightly conditions to develop, the Board, after 30 days written notice to the Owner, may, but is not obligated to, take steps to remedy the problem. Such remedy may include, but shall not be limited to; the removal of debris or junked cars, the mowing of grass or cutting of brush and the painting or repair of structures located on the Lot. The Board may bill such Owner for all expenses incurred in correcting the problem. Every Owner by

acceptance of a deed covenants to pay said bill. Failure to pay said bill shall allow the Board to file an action to collect the unpaid amount and such action may result in a lien against the Lot.

Section 2. Maintenance of Common Area. The Association shall maintain or cause to be maintained all areas designated as Common Area. The cost of such maintenance shall be a Common Expense which shall be paid from the funds supplied from the annual assessment.

Section 3. Buffer Areas. The Buffer Areas located on Lots shown on recorded maps shall remain in an undisturbed, natural state. No improvements may be constructed, erected or allowed to remain in the Buffer Areas except:

- (i) the Declarant may construct improvements in Buffer Areas with the written approval of the Town of Cary; and
- (ii) an Owner of a Lot, other than the Declarant, may erect a fence in the Buffer Areas with the written approval of the Town of Cary and the Association.

The construction of any fence shall be governed by the provisions of Article VIII of the Declaration on architectural control. The Association and the Owner of any Lot on which a Buffer Area is located may, but is not obligated to, plant trees and shrubs in the Buffer Areas. All lots on which Buffer Areas are located are subject to an easement in favor of the Association for ingress and egress, to plant trees and shrubs and to enforce the provisions of the Declaration as to the Buffer Areas. The cost of such maintenance shall be a Common Expense, which shall be paid from funds supplied from the annual assessment.

Section 4. Sidewalk Easement Areas. Certain Lots in the Properties are subject to a sidewalk easement as shown on recorded maps. Such easement is in favor of the Declarant and the Town of Cary for ingress and egress for the construction and maintenance of a sidewalk. Such sidewalk easement is dedicated by recorded maps to the Town of Cary for maintenance.

#### ARTICLE VIII

##### ARCHITECTURAL CONTROL & INSPECTION

Except for initial improvements by Declarant, no construction, erection, or installation of any improvements, including, but not limited to, residences, outbuildings, fences, walls, exterior television antennas and other structures, shall be undertaken upon the Properties unless the plans and specifications therefore, showing the nature, kind, shape, height, color, materials and location of the proposed improvements shall have been submitted to the Declarant or its agent and expressly approved in writing. No subsequent alteration or modification of any existing improvements nor construction, erection, or installation of additional improvements may be undertaken on any of the Properties without prior review and express written approval of the Board of Directors of the Association, or by an architectural committee.

In general, no exterior alterations, including painting and additions to buildings or garages, shall be considered for approval unless such alterations or additions are in harmony with existing structures, as to style, shape, color and size. However, this section shall not be construed to mean that the Architectural

committee or Board shall have to approve a proposed alteration or addition that meets the above criteria.

Generally, approval or disapproval should be issued within thirty days. In the event that the Declarant or the Association, as the case may be, fails to approve or disapprove the site of design of any proposed improvements within sixty (60) days after plans and specifications therefore have been submitted and received, approval will not be required, and the requirements of this Article will be deemed to have been fully met; provided, that the plans and specifications required to be submitted shall not be deemed to have been received by the Declarant or the Association if they contain erroneous data or fail to present adequate information upon which the Declarant or the Association, as the case may be, can arrive at a decision.

The Declarant and/or the Association (as applicable) shall have the right, at its election, but shall not be required, to enter upon any of the Properties during site preparation or construction, erection, or installation of improvements to inspect the work being undertaken and to determine that such work is being performed in conformity with the approved plans and specifications and in a good and workmanlike manner, utilizing approved methods and good quality materials.

#### ARTICLE IX

##### RULES AND REGULATIONS

The Board of Directors of the Association shall have the power to formulate, amend, publish, and enforce reasonable rules and

regulations concerning the use and enjoyment of the Lots and Common Area. Such rules and regulations, along with all policy resolutions and policy actions taken by the Board of Directors, shall be recorded in the Association's corporate minute book which shall be maintained in a place convenient to the owners and available to them for inspection during normal business hours.

### EASEMENTS

Section 1. Walks, Drives, Parking Areas and Utilities. All of the Properties shall be subject to such easements for driveways, walkways, parking areas, water lines, irrigation systems, sanitary sewers, storm drainage facilities, gas lines, telephone and electric power lines, television antenna lines, cable television and other public utilities as shall be established prior to subjecting the Properties to this Declaration by the Declarant. The Declarant may subject any portion of the Properties to additional easements prior to the conveyance of such portion of the Properties.

The Declarant reserves the right to subject the real property covered by this Declaration to a contract with a power and light company for the installation of underground electric cables and/or the installation of street lighting, either or both of which may require an initial payment and/or a continuing monthly payment to the power and light company by the owner of each Lot.

The Association shall have the power and authority to grant and to establish in, over, upon and across the Common Area conveyed to it such further easements as are requisite for the convenient use, enjoyment, maintenance or operation of the Properties.

Section 2. Drainage and Utilities. Easements for installation and maintenance of utilities and drainage facilities are reserved over the rear ten feet of each lot. In the event that the Owner of any Lot shall acquire land adjacent to and in the rear of such Lot, such Lot Owner may relocate the easement herein established over the rear line to conform to the increase in the size of his Lot, provided that alteration in drainage does not thereby adversely affect the drainage of any other Lot or interfere with the rights of other Owners of the Property to services rendered by the easement herein created. Such relocated easement shall be the same width as the original easement.

Section 3. Emergencies. Every Lot shall be subject to an easement for entry by the Association for the purpose of correcting, repairing, or alleviating any emergency condition which arises upon any Lot and that endangers any Building.

Section 4. Easement for Governmental Agencies. An easement is hereby established over the Lots for the benefit of applicable governmental agencies, public utility companies and public service agencies as necessary for setting, removing and reading of meters, replacing and maintaining water, sewer and drainage facilities, electrical telephone, gas and cable antenna lines, fire fighting, garbage collection, postal delivery, emergency and rescue activities and law enforcement activities.

Section 5. Buffer Areas. All Lots are subject to easements in favor of the Association for ingress and egress for purposes of planting and maintaining Buffer Areas, as shown on recorded maps and as provided in Article VII of this Declaration.

Section 6. Encroachment. All Lots shall be subject to easements for the encroachment of initial improvements constructed on adjacent lots by the Declarant to the extent that such initial improvements constructed on adjacent Lots by the Declarant to the extent that such initial improvements actually encroach, including, without limitation, such items as overhanging eaves, gutters, downspouts, exterior storage rooms and walls. If any encroachment shall occur subsequent to subjecting the property to this Declaration as a result of settling or shifting of any Building or as a result of any permissible repair, construction, reconstruction, or alteration, there is hereby created and shall be a valid easement for such encroachment and for the maintenance of the same. Every Lot shall be subject to an easement for entry and encroachment by the Declarant for a period not to exceed eighteen

(18) months following conveyance of a Lot to an Owner for the purpose of correcting any problems that may arise regarding grading and drainage. The Declarant, upon making entry for such purpose, shall restore the affected Lot or Lots to as near the original condition as practicable.

Section 7. Easement for Construction Purposes. The Declarant reserves an easement for ingress and egress over Lots and Common Area for purposes of constructing Buildings on adjacent Lots and performing activities related to the construction of Buildings on adjacent Lots.

##### GENERAL PROVISIONS

Section 1. Enforcement. The Association, or any owner, shall have the right to enforce, by any proceeding at law or in equity all restrictions, conditions, covenants, reservations, liens, and charters now or hereafter imposed by the provisions of this Declaration. Failure by the Association or by any owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 2. Insurance and Fidelity Bonds. In the event the Association becomes the owner of any buildings, or other improvements, or personal property located within the Common area, the Board of Directors shall obtain hazard insurance (if economically available) in an amount equal to the maximum insurable replacement value as determined annually by the Board of Directors with the assistance of the insurance company providing such

coverage. Such coverage shall provide protection against loss or damage by fire and other hazards covered by a standard extended coverage endorsement, and such other risks as from time to time shall be customarily covered with respect to buildings and properties similar in construction, location and use.

The Board of Directors shall also procure and maintain public liability and property damage insurance (if economically available), insuring: each member of the Board of Directors; the manager, if any; and the Association against any liability to the public or to homeowners (and their invitees, agents, and employees) arising out of or incident to the ownership and/or use of the Common Area and facilities, if applicable, or such other areas for which the Association is responsible. The insurance shall be issued on a comprehensive liability basis. The amount of such public liability insurance shall be not less than one million (\$1,000,000.00) per occurrence with regard to the Association and each individual director, unless coverage is not reasonably available, in which event the insurance coverage shall be in an amount deemed reasonable by the Board of Directors.

Premiums upon insurance policies purchased by the Board of Directors shall be paid by the Association as a Common Expense from the annual assessment.

The Association shall maintain blanket fidelity bonds for all officers, directors and all other persons handling or responsible for funds of or administered by the Association. The fidelity bonds shall name the Association as the obligee and the premiums

should be paid as a common expense by the Association. The fidelity bond should cover the maximum funds that will be in the custody of the Association at any given time during the term of the bond. In any event, the fidelity bond must at least equal the sum of three months assessments on all lots plus reserve funds.

The Board may secure Officers and Directors insurance in such amounts as the Board deems appropriate. Premiums shall be paid by the Association as a Common Expense from the annual assessments.

Section 3. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provision, which shall remain in full force and effect.

Section 4. FHA/VA Approval. Notwithstanding any provisions in this instrument to the contrary, as long as there is a Class B membership, and if Declarant desires to qualify sections of this subdivision for Federal Housing Administration or Department of Veterans Affairs approval (but not otherwise), the following actions will require the prior approval of Federal Housing Administration or the Department of Veterans Affairs, if approval is required by these agencies: Annexation of additional properties, amendment of this Declaration of Covenants, Conditions and Restrictions, merger and consolidations and dissolution.

Section 5. Amendment. The covenants, conditions and restrictions of this Declaration shall run with and bind the land for a term of thirty (30) years from the date this Declaration is recorded, after which time they shall be automatically extended for

an unlimited number of successive periods of ten (10) years each. This Declaration may be amended with the written consent of Owners of not less than sixty six and two thirds percent ( $66 \frac{2}{3}\%$ ) of the Lots that have been made subject to this Declaration.

Such amendment shall be executed in the name of the Association by the President (or Vice-President) and by the Secretary (or Assistant Secretary) of the Association and recorded in the Office of the Register of Deeds of Wake County.

Section 6. Certification of Amendment. If any amendment to these covenants, conditions and restrictions is executed, each such amendment shall be delivered to the Board of Directors of the Association. Thereupon, the Board of Directors, shall, within thirty (30) days do the following:

(a) Reasonably assure itself that the amendment has been duly approved in writing by the Owners of the required number of Lots. (For this purpose, the Board may rely on its roster of members and shall not be required to cause any title to any Lot to be examined);

(b) Attach to the amendment a certification as to its validity, which certification shall be executed by the Association in the same manner that deeds are executed. The following form of certification is suggested:
